

Autism, Neurodivergence, and Developmental Evaluations & Supports

This Parent Resource Guide was created to support you with trusted local resources to help your child thrive at every stage, with an emphasis on early supports. Our goal is to walk alongside your family with compassion, respect, and partnership, honoring your child for who they are while helping you navigate care with confidence.

Please contact the Agency/Vendor below in your region for Early Supports and Services for children under age 3. Please contact your local school district for children ages 3 years and older. A list of all ten NH regions with towns and cities can be found on page 3 of this resource guide.

Speech Services, Physical Therapy (PT), and Occupational Therapy (OT) are services that should be covered by your state or town.
